Miray Doll

About

- Thank you very much for liking and purchasing my pattern 🙌
- The finished toy if similar materials are used
- It will be approximately 19 cm tall.
- The size will vary depending on the thickness of your yarn. If you use thicker yarn, the toy will be larger, and if you use thinner yarn, the toy will be smaller.
- You can crochet with different brands of yarn.
- The only thing you need to pay attention to is that the yarns you use are of the same brand or the same thickness.
- Miray Doll is crocheted using the cross stitch technique.

- Notes:
 - - 2ch and 1ch at the beginning of the round are not included in the number of stitches.
 - - Sliding stitches at the end of the round are not included in the total number of stitches.
- I hope you will enjoy crocheting this cute doll, which I prepared with love, with pleasure and ease.

- If you have any questions about the pattern, you can contact me on Instagram.
