

## CROCHET GUIDE FOR AMIGURUMI 2D “COW LOLÓ”

*By Nati Dorado de Virreinata*

**“Just let me eat**

**some more”**

*You are ready to start knitting your cow Lolo in Amigurumi 2D?*

### *Materials:*

- Cotton combed threads 8/3 little quantity (approx. 10gr) in 3 colors : for the body: natural, brown and salmón. Also green for the grass. Mustard for the horns. These last two colors in very few quantities too
- Security eyes or two small black beads
- Dmc embroidery thread one strand or sewing thread in black and white
- Crochet hook Nro. 1,5mm
- Darning needle
- Sewing needle
- Scissors
- Soft stuffing or polyfiber fill
- Keychain to attach to the finished plushie

**Note:** The materials listed before are the ones I use for my designs. Please feel free to use the materials you feel more comfortable with. Remember to use the correct hook for the thread and yarn that you choose. The outcome may vary in size and texture depending of your materials and the tension that you use, besides the tension in each crocheters is unique.

*Abbreviations:  
(U.S. Terminology)*

**st** = Stitch

**ch** = Chain

**slst** = Slip Stitch

**sc** = Single crochet

**inc** = Increase

**dec** = Decrease

**▲** = Beginning

*In this knitting guide you will find the step by step with photos to knit your own Amigurumi 2D Cow Loló. You can give it the purpose you want the most, use the yarn you want. You dare?*

**IT'S TIME TO BEGIN!**

*Let's find a  
Quiet place in the house to enjoy  
knitting, do you think?*

# Head

*In color salmón, natural and brown*

We will start by weaving the head, the body, the udders, the legs and the ears. Then the body assembly.

In this fabric, in addition to knitting Amigurumi 2D we will also weave with the Jacquard technique. Do not worry! Here I leave you my tips and my guide for you to achieve it.

*Please read the guide very carefully.*

## IMPORTANT

**All rounds weave in a spiral and dot marker is used. It is recommended to read and observe the chart carefully before starting to knit.**

### Jacquard Tip:

**It's Recommended** → Every time a new line of color is added and the previous round is woven in a different color, backloops are woven in this way, it will be neater and more beautiful to my liking. (Photo)

*We start by weaving in salmon colored yarn, then we incorporate natural and brown and we can cut the pink strand. See charts →*

*s = Salmón n = natural y b = brown*

*We started in salmón color!*

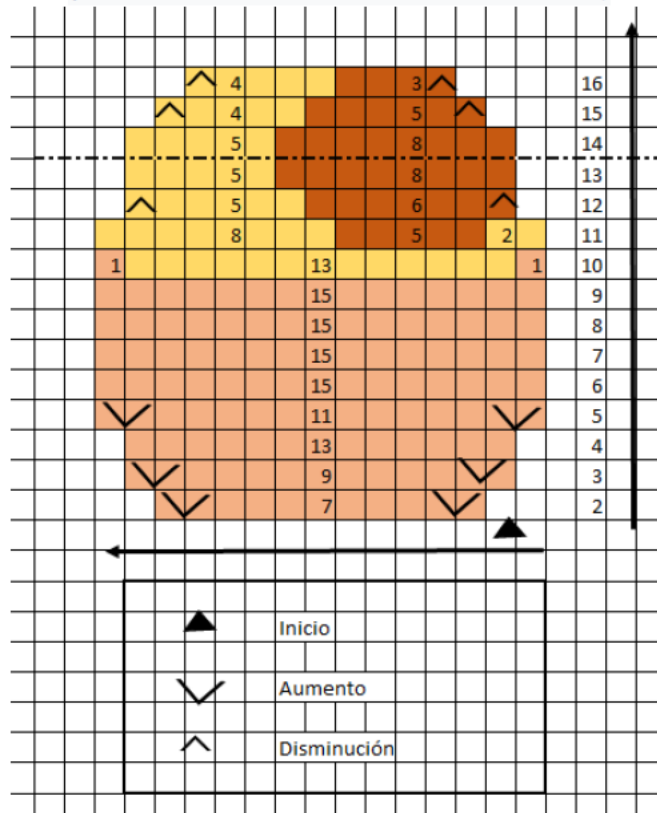

1. Ch 10
2. Crochet around the chain in the following order, skip the first ch: Sc inc, 7sc, 4sc in the next ch, 7sc, Sc inc (22 st)
3. Sc inc, 9sc, Sc inc, Sc inc, 9sc, Sc inc. (26 st)
4. 26sc
5. Sc inc, 11sc, Sc inc, Sc inc, 11sc, Sc inc. (30 st)
6. A 9. 30sc

*Ahora incorporamos el color natural y a partir de la próxima vuelta podemos cortar la hebra del color salmón.*

10. 30sc (1s, 13n, 16s) (30 st)
11. 30sc (2n, 5b, 23n). (30 st)
12. Sc dec (b), 11 sc (6b, 5n), Sc dec (n), Sc dec (n), 11sc (n), Sc dec (n). (26 st)

## Graph 1

(These Colors are for your understanding)

### Chart Reading:

Graphic reading in Amigurumi 2D, it starts where the black triangle marks and each row is read from right to left. Then you continue to knit in the same direction, but the reading of the graph turns left to right. In the case of being left-handed, it is read in reverse. Eg Row 3: knit inc, 11sc, 2 inc (because we turn the reading from left to right), 11sc, inc. End of return.

13. 26sc (8b, 18n). (26 st)
14. 26sc (8b, 18n). (26 st)
15. Sc dec (b), 9sc (5b, 4n), Sc dec (n), Se dec (n), 9sc (n), Sc dec (n). (22 st)
16. Sc dec (b), 7sc (3b, 4n), Sc dec (n), Sc dec (n), 7sc (n), Sc dec (n). (18 st)

*Cut the excess row to close the fabric after filling.*

*Sew taking the thread from behind→*

## Ears

Knit two (2)

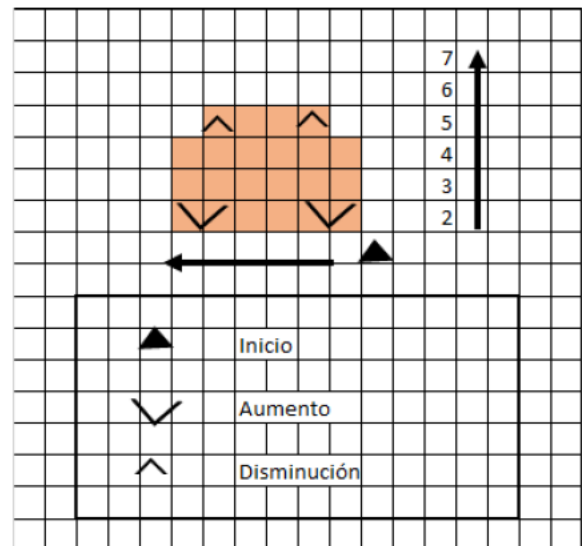

*In natural colors*

1. Ch 5
2. Crochet around the chain in the following order, skip the first ch: Sc inc, 2sc, 4sc in the next ch, 2sc, Sc inc (12 st)
3. 12sc
4. 12sc
5. Sc dec, 2sc, Sc dec, Sc dec, 2sc, Sc dec (8 st)

*Cut the thread long enough to later sew to the head and not fill*

## Graph II

*We continue with the Corps, do you think?*

Here we will weave with color changes. We start with the natural color and then we incorporate the brown.

*n = natural y b = brown*

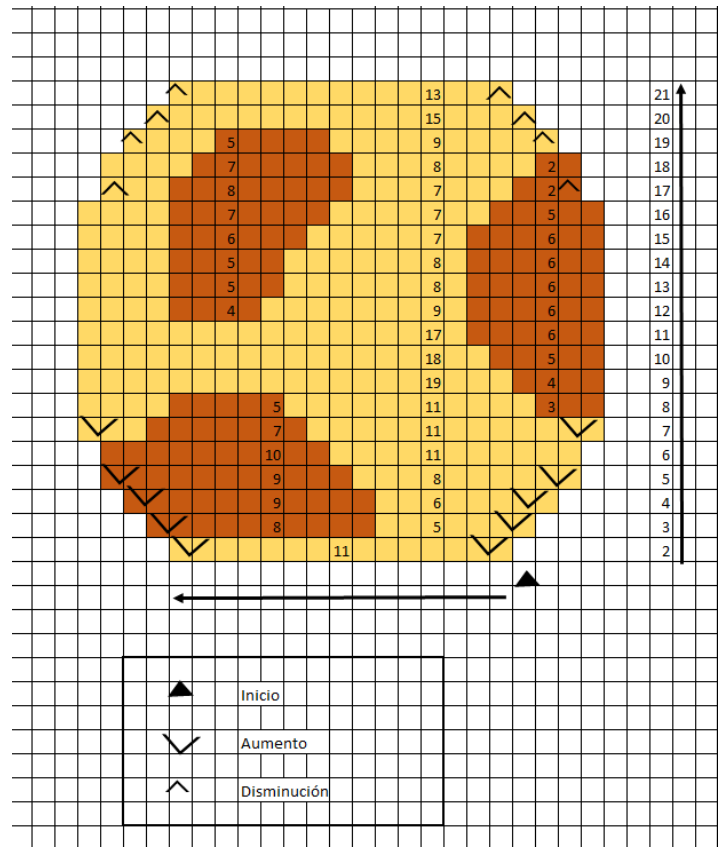

1. Ch 14 (n)
2. Crochet around the chain in the following order, skip the first ch: Sc inc, 11sc, 4sc in the next ch, 11sc, Sc inc (30 st) in (n)

*From now on we incorporate the color (b)*

3. Sc inc (n), 13sc (5n, 8b), Sc inc (b), Sc inc (b), 13sc (8b, 5n), Sc inc (n). (34 st)
4. Sc inc (n), 15sc (6n, 9b), Sc inc (b), Sc inc (b), 15sc (9b, 6n), Sc inc (n). (38 st)
5. Sc inc (n), 17sc (8n, 9b), Sc inc (b), Sc inc (b), 17sc (9b, 8n), Sc inc (n). (42 st)
6. 42sc (11n, 20b, 11n). (42 st)
7. Sc inc(n), 19sc (11n, 7b, 1n), Sc inc (n), Sc inc (n), 19sc (1n, 7b, 11n), Sc inc (n). (46 st)
8. 46sc (3b, 11n, 5b, 8n, 5b, 11n, 3b). (46 st)
9. 46sc (4b, 38n, 4b). (46 st)
10. 46sc (5b, 36n, 5b). (46 st)
11. 46sc (6b, 34n, 6b). (46 st)
12. 46sc (6b, 9n, 4b, 8n, 4b, 9n, 6b). (46 st)
13. 46sc (6b, 8n, 5b, 8n, 5b, 8n, 6b). (46 st)
14. 46sc (6b, 8n, 5b, 8n, 5b, 8n, 6b). (46 st)
15. 46sc (6b, 7n, 6b, 8n, 6b, 7n, 6b). (46 st)
16. 46sc (5b, 7n, 7b, 8n, 7b, 7n, 5b). (46 st)
17. Sc dec (b), 19sc (2b, 7n, 8b, 2n), Sc dec (n), Sc dec (n), 19sc (2n, 8b, 7n, 2b), Sc dec (b). (42 st)
18. 42sc (2b, 8n, 7b, 8n, 7b, 8n, 2b). (42 st)
19. Sc inc (n), 17sc (9n, 5b, 3n), Sc dec (n), Sc dec (n), 17sc (3n, 5b, 9n), Sc dec (n). (38 st)
20. Sc dec (n), 15sc (n), Sc dec (n), Sc dec (n), 15sc (n), Sc dec (n). (34 st)
21. Sc dec (n), 13sc (n), Sc dec (n), Sc dec (n), 13sc (n), Sc dec (n). (30 st)

*We cut long strand to sew Backloops and fill with fleece*

## Graph III

## We must also weave its legs

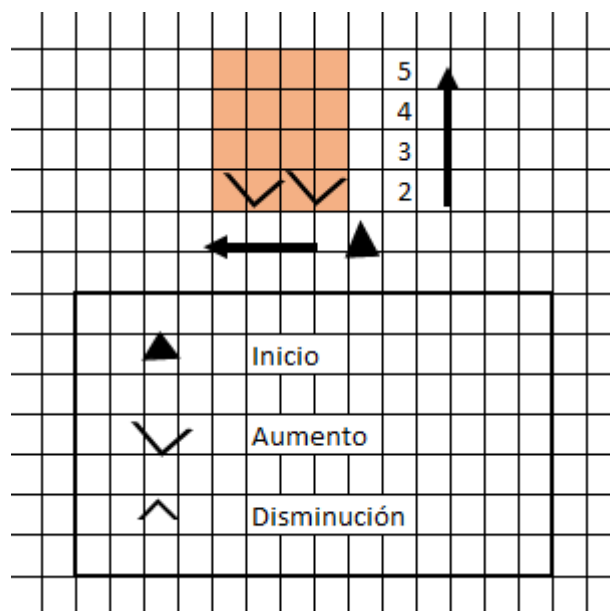

Knit four (4)

*In natural colors*

1. Ch 3
2. Crochet around the chain in the following order, skip the first ch: Sc inc, 4sc in the next ch, Sc inc. (8 st)
3. A 5. 8sc

*We cut long strand to sew Backloops and fill with fleece*

Gráfico IV

*And now comes a very fun part...  
The Assembly of our Cow Lolo*

*Let's start with the head!!!*

## Ears

- We sew the ears on the sides. The back part more diagonally leaving an exposed strand since later when we knit the fur, we will weave over this strand.

## The horns

- We mark with pins if we need to. Place the side of the cow's ears
- In mustard color we thread the needle
- We make 3 loops which we then wrap with the same yarn

We continue with the eyes and the nose.  
Well you need them!

- The eyes are beads. For this you received an extra instructions. Additional resource V. They are placed between rounds 12 and 13.

- And the nose is made by my embroidery technique between rounds 7 and 8 with brown yarn. An additional resource is attached in this regard.

- Now we embroider it. First we mark it with brown bows.

*Awww! She is so pretty!*

*Now for the finer details.*

# This part is my favorite !!! and to you?

## Sew the legs (back)

- We sew the two legs in the lower part of the body

## Sew the legs (Front)

- The right arm is sewn between the rounds 13 and 1 pointing the hoof down

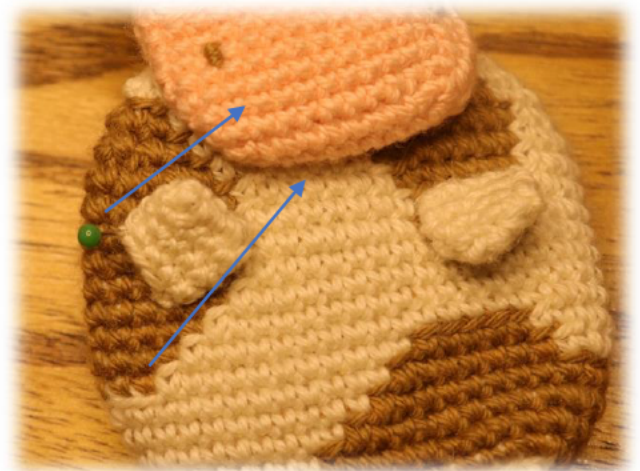

## We sew the head to the body

- Sew between rounds 15 and 21.

- And we sew the left arm between rounds 11 and 13, pointing the hoof towards its chin.

## And let's not forget the cow's udders!!!

Knit one (1).

*In Salmon colors*

1. Ch 8
2. Crochet around the chain in the following order, skip the first ch: Sc inc, 5sc, 4sc in the next ch, 5sc, Sc inc. (18 st)
3. Sc inc, 7sc, Sc inc, Sc inc, 7sc, Sc inc. (22 st)
4. 22sc
5. 22sc

*We cut long strand to sew Backloops and fill with fleece*

- Fill just before finishing closing the fabric. If we need we can help ourselves with a tweezers

- And we embroider the udders. Like the nose, we make two loops and wrap them with the same yarn

- Sew the udders between rounds 4 and 7.

*And to finish 3 more details!  
Come on, there is little work left!*

### *The grass that Lolo likes to eat!*

- For the grass, we will make 3 roundtrip tips that enter through the front of the mouth, and exit through the side.
- They enter and leave the same place but are inserted with stitches in the body of Vaca Lolo at different points, giving the illusion of grass
- We use green yarn. We thread it on the needle.

- And I leave you here the photo where I marked with the pins the entrance and the exit of the grass

*Already in the final stretch! To show that it is eating, we fasten the hooves to the grass with stitches with brown yarn*

- And as seen in the photo we are wrapping those stitches that simulate grass, each one, with loops.

*What Happiness!*

*We have knitted a beautiful Loló Cow!*

*...for now the first*

Your first 2D Amigurumi Cow. You can use them however you want. Deco toys or accessories. Use fine or thick thread. The limit is your imagination

*Congratulations! You did!*

I wish you enjoy a lot your #cowlolo2d

Take a picture and post it in IG using the hashtag mentioned above
