This document is a crochet toy pattern.
On its pages you will find a lot of photos of crocheting process and detailed instructions.
To make this toy you need to have basic crochet skills.
The toy measures 28 cm (11 inches) approximately if you use recommended materials.

You should crochet tightly to avoid holes. If you crochet freely, try to use a smaller crochet hook. Stuff the toy firmly, don’t spare stuffing. Make sure there is no empty spaces left. Stuff hard-to-reach areas with the help of wooden stick. This will make your toy look neat and keep good shape.
Details are started with a magic ring (MR) and crocheted in continous rounds in a spiral unless the other method is specified.

Wish you enjoy crocheting!
