Thread the thread into a long needle and pass the thread through the upper loops, pull and again pass the thread around the circle until the hole is closed.

Connect the edges with sl st. Leave a long yarn end for needle sculpting.

Exit the needle through the inner side to close the opening of the pumpkin later, but first stuff it with fiberfill.

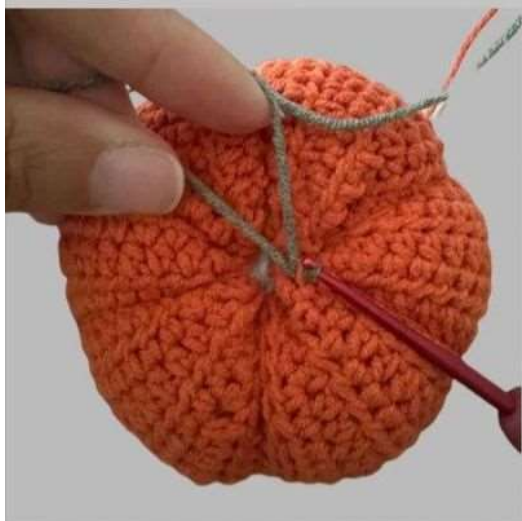

Next, pierce the pumpkin from top to bottom.

And repeat this action 6 times, each time returning to the top, adjust the thread with your hand, forming slices.

Stem

Attach the khaki green yarn to the top of the pumpkin (see photo), crochet 21 sc.

2-3 rnd. 21sc.

4 rnd. (5sc, dec)*3 (18).

5 rnd. (4sc, dec)*3 (15).

6-8 rnd. 15sc.

9 rnd. 2sc, dec, dec, 9sc (13).

10 rnd. dec, 11sc (12).

Insert small piece of wire to make the stem bend.

11- 17 rnd. 12sc.

18 rnd. 6dec (6).

Stuff tightly.

Pull the hole to close.

Thread a small piece of thread through the needle and form a mouth and a small triangle symbolizing a tooth using small stitches.

Next, we thread a thin white thread through the needle and fill the teeth with stitches. Sew on the eyes with red thread.
