Thank you very much and happy crocheting! :)

Introduction

I would like to thank you for purchasing this tutorial. I hope that you will be fully satisfied with it and, above all, that Skully you will make will be exactly as you imagined. Remember that if you have any questions you can send me an email: krawka.blog@gmail.com.

Jake and the Never land Pirates is one of my favorite shows that my son is watching, it's cute and funny and the most important of all it's a bit educational. I love Disney's productions, and like so many times before, I don't really care for humans I always love the animal characters best. So I knew right away I will make Skully for my son, I didn't give it to him right away, he had to find it using the pirate map my husband made. Let me tell you - he was delighted :)

Crochet Skully, when finished, is 18 cm (7 inches). It's perfect to put on your shoulder and shout "Yo ho ho" :)

All parts are ready. Let's sew!

We will start by making head.

Sew felt pupils to white eyes. Note that the pupils are directed a bit inwards.

With white yarn make two white dots as light reflections.

Sew finished eyes to yellow circles.

Sew the side of the beak to both sides of the head.

Sew yellow circles to the head.

Sew three skulls and three bones on bandana

Sew bandana on the back of the head.

Sew the knot on the bottom of bandana.

Take the dark yellow yarn and try to shape the beak a bit more, point it downwards.

With black yarn make a smile

That is how my smile looks from the bottom.

Stuff legs and sew three fingers to each leg.

Sew three feathers to tail.

Sew the tail to the pointy point of the body :)

Sew two feathers at the top of the wing, one feather on the side.

Sew wings on each side of the body.

The side feathers should be directed toward the tail.

Sew legs to the body.

We have the body and the head.

If you want your Skully to stand you should find the perfect point to place the head.

Sew head to the body very, very, very firmly and...

... we are done!

Hope you love your little Skully.

Congratulations on completing this tutorial! You should be proud :)

THE END!
