Extra stitch

A very common term in crocheting is the extra stitch.
So what is this stitch?

When crocheting, almost always the marker of the beginning of the round is shifted to the right side. It is necessary to align it. And how to do it?

You just need to crochet another 1sc at the end of the round and shift the marker by one stitch.
The second stitch becomes the first and the first becomes the last. This is the shift (extra) stitch.

And the most important thing! This stitch is not included in crocheting.

6. dec, 3sc, 2dec, 3sc, dec, 1sc, dec, 3sc, dec (17)
 - Cut the yarn, leaving a long end for sewing pieces.

Assembly

- Attach the spots to the hood with sewing pins (the markers on the spots are located at the bottom).
- Take the black yarn and make ch4. Cut the yarn, fasten off, leaving a long end for sewing pieces.
- Attach the chains to the spots (see photo) symmetrically to each other and sew them on.
- Then sew the spots or glue them with hot glue gun to the hood.

- Attach the nose with sewing pins (the first increase (3in1) after the marker is located at the bottom of the nose, the remaining two increases are on the sides) and sew it to the hood. There is no need to stuff the nose.

- Let's start sewing on the ears. Thread a blue thread into the needle, fix it on the bottom of the ear, fold the ear in half and sew. Then attach the ear to the hood with sewing pins and sew first along the bottom of the ear, then along the closest side of the ear so that the ear does not fall to the side and looks upwards (see photo).
